THE CHINESE UNIVERSITY OF HONG KONG

© The Chinese University of Hong Kong 1998

This issue of *Research Projects and Publications* provides an overview of research activities at the University between July 1996 and June 1997. As the information gathered was voluminous, it was not possible to list in detail all ongoing projects. Therefore, ongoing research has a title listing in this edition only.

This issue also covers paper published/performances made/exhibitions held between July 1996 and June 1997. Paper published prior to this period but not listed in the previous issues of *Staff Publications List*, if provided by authors will also be included in this issue. For editorial purposes, each publication is only listed once under the department of the first Chinese University author.
